Notes:
1. The above is an extract from the detailed format of Standalone Financial Results for the quarter ended 30th June 2017 filed with BSE Limited under Regulation 33 of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015. The full format of Standalone Financial Results for the quarter ended 30th June 2017 are available on the website of BSE Limited at www.bseindia.com and Company's website at www.istreetnetwork.com
2. With effect from 1st April, 2017, the company has discontinued its Internet Retail Business which required huge resources for promotion, marketing and shipping (please refer the detailed note herein below) and has modified its model from 'virtual inventory Internet Retail Store' to 'Partial Inventory Internet Retail Store'. The new model shall continue to leverage company's strength of partnering with small neighbourhood Retailers.
3. The company has been investing huge resources in developing technology, infrastructure, marketing, promotions, business process and fulfillment over the last three years in order to expand its retail network and customer base. Since it is an innovative process of Retailing where the company orchestrates 3rd party physical retail stores with virtual inventory, the business model requires continuous investments till it reaches the breakeven point and turns profitable. Hence, the company has to raise money in small tranches on a continuous basis to fund its operations and expansion.
In March 2017, the company has been classified into the Graded Surveillance Measure (GSM) list by BSE. The criteria for classifying the company into GSM and now into Stage 3 are not very clear to us. The impact of classifying company in GSM by BSE has led to trade restrictions and a complete 'roadblock' in terms of raising additional capital from new investors. This new fund raising has become an extremely challenging and a daunting task. Consequently, the company stopped its virtual inventory Retail Store model with effect from April 2017.
The company has already started working on its new business strategy to create internal resources to fund the project and focus on profitability.
4. Other expenses include a provision made during the quarter for a doubtful receivable of Rs. 150 lakhs.
