

Mukand Limited signs PDA for 43.75 MW AC Group Captive Solar Plant with Tata Power Renewable Energy Limited

Mukand Limited, the pioneering force in the realm of specialty steel long products and heavy machinery in India, proudly announces a groundbreaking partnership with Tata Power Renewable Energy Limited (TPREL), a prestigious subsidiary of Tata Power and a key player in the renewable energy sector. This momentous collaboration marks the signing of a Power Delivery Agreement (PDA) for a cutting-edge 43.75 MW AC Group Captive Solar project located at Jamkhed in Maharashtra. The installation is poised to generate an impressive 99.82 MUs annually, thereby contributing significantly to India's renewable energy goals.
