Mukand Limited Partners with Amplus Phoenix Energy

By **Stainless Steel World Publisher** - February 26, 2024

Mukand Limited, a prominent member of the Bajaj group and a leading manufacturer of Alloy and Stainless-Steel long products, has forged a pioneering Power Delivery Agreement (PDA) with Amplus Phoenix Energy Pvt Limited (APEPL), a PETRONAS Group entity. This landmark collaboration signifies a significant leap towards promoting clean energy solutions and sustainable practices in the steel manufacturing industry.

The agreement entails the establishment of a 23.89 MWp Group Captive Solar project in the picturesque Hulkoti village, located in the Gadag district of Karnataka. This initiative epitomizes Mukand Limited's steadfast commitment to environmental stewardship and energy efficiency. Anticipated to produce 36 MUs annually, the solar project aims to mitigate approximately 28,440 tonnes of CO2 emissions per year.
