Mukand Limited, a leading manufacturer of stainless-steel long products and a part of the Bajaj Group, has been awarded the prestigious Green Steel certification, marking a significant milestone in the company's sustainability journey. The certification, awarded by the National Institute of Secondary Steel Technology (NISST), recognises Mukand's Black Bars with a 5 Star rating and its Wire Rods and Bright Bars with a 4 Star rating. This certification recognizes Mukand Limited's continued efforts to adopt environmentally responsible manufacturing practices and reduce its carbon footprint.
